Experience

Web Designer & Developer — **Aug 2012 - Oct 2016**
Results Marketing & Advertising — Charlottetown, PE

- Effectively turned the client's needs into functional design concepts and created interface mockups
- Collaboratively worked with other team members on all aspects of design which led to maintaining the consistency of the clients' brand identity
- Delivered successful completion of a variety of projects for the province of PEI including the new website of the *Liberal Party*, and the *WorkPEI* job matching portal from design to launch.
- Performed special edits and image manipulation for *Paderno* Kitchenware products and created new image compositions that worked greatly for package design
- Created compelling email marketing, custom made animated GIF's, and social media promotional material
- Integrated WordPress as CMS with a customized user-friendly admin and conducted thorough training sessions for the clients and their staff which boosted the usability of content management
- Built and managed e-commerce websites such as *Can't Check This* and actively took part in the art direction and photography of the project which resulted in a seamless integration with the style of the website
- Successfully accomplished the conversion of the non-responsive *French Health Network* website to a pixel perfect responsive website, while staying faithful to the original design and adding the mobile interface
- Applied SEO and performance optimization best practices

Volunteer Photographer **Oct 17, 2014 & Oct 14, 2015**
Institute for Canadian Citizenship (ICC) Charlottetown, PE

- Patiently photographed the PEI pre-ceremony roundtable discussions and the citizenship ceremony that captured the subtle moments without interrupting the attendees
- Enhanced and optimized the photos, and presented an organized finished product to the client

---

Volunteer web developer **Aug 2013**
Pride PEI Charlottetown, PE

- New website makeover and CMS integration

Graphic Designer **May 2008 – Sept 2010**
Saba Design Studio Tehran, Iran

- Designed large exhibition displays that followed the branding guidelines precisely
- Brought the clients' ideas to life in a series of catalogs and brochures to showcase their products
- Consulted with the clients and designed product labels, posters, and magazine ads that worked well together
- Adapted graphics and created other material to use specifically in video, audio, and web

---

Photoshop Technician and Photographer **May 2006 – Apr 2008**
ROC Wedding Photography Studio Tehran, Iran

- Designed artistic Italian style wedding albums and photo packages
- Created digital assets for other multimedia such as video reels, motion graphics, wall pictures, and DVD covers with great attention to providing a uniform look
- Meticulously made modifications on photos, including but not limited to color correction, retouching, and restoration, which provided improved realistic results

---

Advertisement Designer **Oct 2005 – Feb 2006**
Peyke Bartar Marketing and Advertising Tehran, Iran

- Designed a series of outstanding full size and small ads for the monthly Magazines
- Met with clients to discuss the proper type, size, and the color scheme to create an effective design

---

Education

Interactive Multimedia **May 2012**
Postgraduate Diploma - Holland College Charlottetown, PE

Graphic Design **June 2006**
Bachelor's Degree - Azad University Shabestar, Iran
